DigitalOcean Credit Program for Startup India Hub

DigitalOcean (DO) is the 2nd largest and fastest growing cloud computing platform in the world. With 12 datacenters across 8 regions throughout the world (including one in Bangalore), DigitalOcean has close to a million customers and 50,000+ teams who seamlessly deploy, manage and scale their applications on the DO platform.

Hatch is DigitalOcean's global startup program designed to support startups as they launch and scale. This includes access to DigitalOcean's cloud for 12 months, technical training, mentorship, priority support, and an opportunity to connect with other startups, accelerators, and investors.

DigitalOcean is happy to partner with Startup India Hub to offer a $1000 one-year credit to any startup that is recognized by DIPP and a registered member of the Startup India Hub web portal.

Offer for startups registered on Startup India Hub

All DIPP recognized startups will have access to the following offers from DigitalOcean.

1) **Cloud Infrastructure Credit**: A $1000 one-time cloud credit for all startups recognized by DIPP.

● The credits will have a one-year life-span, expiring beyond that point.
● Companies are only eligible for one credit, and cannot utilize multiple credits even if the company uses multiple accounts.
● For the $1000 credit, verification of eligibility includes successfully matching the billing address and email on file with DigitalOcean to that of the legal address and official email for the company on DIPP/Startup India Hub records.
● These credits will be valid only for those companies who have not availed DigitalOcean credits earlier through any other partner or channel
● DigitalOcean reserves the right to reassess and modify the program any time

2) **Premier Technical Support & Consultation**

● Free access to Prioritized support on infrastructure related technical queries
● Free access to virtual office hours for consultation on platform and architecture queries to support scaling and growth
● Invite to join the global Hatch startup channel and interact with the 2000+ startups worldwide.

3) **Trainings and Events**

● Free access to workshops, bootcamps, webinars, master classes, Networking events and conferences organized by DigitalOcean on technical and non-technical topics of interest to the startup and developer community

Steps to apply for the Hatch program:

STEP 1:

Prior to filling the form, please note that you are required to create a DigitalOcean account with your official email address and use it to apply on the link (in step 2) below to enable the team to apply the credits. (You can also apply with an existing account)
You can sign up for a DigitalOcean account @ https://cloud.digitalocean.com/registrations/new

STEP 2:

Hatch application link: https://www.digitalocean.com/hatch

Please mention that you are part of '**Startup India Hub**' when prompted for the 'Accelerator/Incubator/VC name'. Verified startups will receive the credits within two weeks of applying.

Please feel free to reach out to mohan@digitalocean.com if you need any other details.
