HOW TO

CREATE A PROGRAM

STEP-WISE PROGRAM GUIDE
FOR HOSTS | VERSION 2.0

What is a Program?

Startups and entrepreneurs can participate in programs such as challenges and hackathons hosted on the Startup India Portal and can get a chance to win cash prizes, incubation, funding, or other kinds of essential support. They can also take advantage of educational workshops and sessions hosted on our platform.

Corporates, Incubators, Accelerators, Government Departments and other stakeholders can host a program in order to discover innovative solutions to their business problems or explore potential startups to partner with.

Who can be a Host?

You can register as a Host if you have the following profile type:

- **Mentor,**
- **Investor,**
- **Incubator,**
- **Accelerator & Corporate,**
- **Government Body.**

Program Creation: Overview

**Publishing of profiles takes approx. 48 hours as the Startup Team verifies your profile to make sure that it fits the role of an Ecosystem Host*

Create your **Host Profile**

Wait till it is published*
(Which doesn't take long!)

Go to your **Dashboard** once published

Select '**My Programs**' to create your very own application for startups

Set your own **Parameters** for evaluating the **Startup Applications**

Create you own customized **Application Form**

Manage applications through your Program Dashboard once it is live and **Declare Results directly on Startup India!**

Enabling bodies registered on the Hub can create their very own **Program**, **Workshop** or a **Challenge** along with the access to **manage all applications** they receive from startups and others during its course

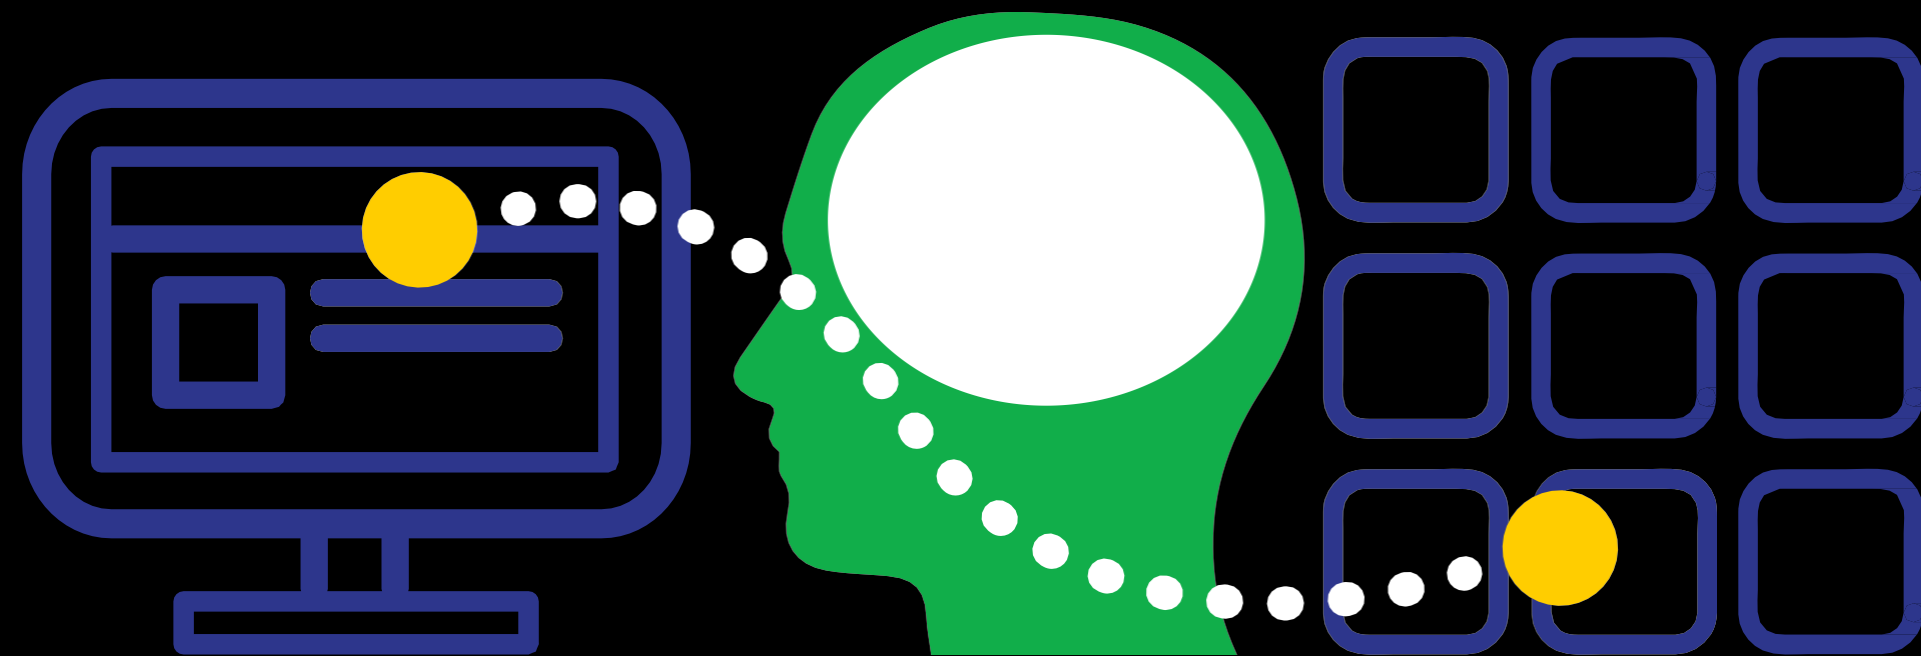

With the functionality of **Accepting**, **Rejecting**, **Scoring applications**, and marking an application as **Incomplete**, the System is an easy to use mechanism and an effective way to reach out to a huge entrepreneurial ecosystem

You can select which industries, service type, stage or stakeholder you are catering to in the application

Steps to Create Program

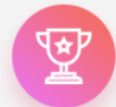

Select A Program You Want to Host on Startup India Portal

Accelerator Program

As an accelerator, you can host programs on the Startup India Portal in order to discover high-potential startups to work with. Through the Host Dashboard you can select your own evaluation criteria, review/shortlist applications on ongoing basis and declare winners.

Start Your Accelerator Program >

Challenges

As a Corporate, Government Ministry/Department, Incubator or Accelerator, you can host a challenge, where startups compete to provide solutions to a problem (or set of problems) provided by you, typically for the chance to win cash prizes, incubation, mentorship or other such incentives. As the host, you can determine the problems and evaluation criteria. You can also choose to reach out to all startups, or to focus on startups in particular s...

Start Your Challenge >

Workshop / Events

You can use the programs feature on the Startup India Portal to notify startups about your upcoming events / workshops and invite them to participate. With over 200 tags to filter the audience that signs up for your event, our platform ensures relevant and high quality participants!

Start Your Workshop >

Incubator Program

As an incubator, you can discover/ connect with prospective Startups and Entrepreneurs by hosting a program on the Startup India Portal. Incubators have an option to call for applications from selected Sectors if they wish. They can then review and shortlist applications on ongoing basis and keep applicants informed through email notifications.
