Introduction

Startup India' is a flagship initiative that aims to build a strong eco-system for nurturing innovation and Startups in the country that will drive sustainable economic growth and generate large-scale employment opportunities. Startup India Action Plan comprises of 19 specific action items spanning across areas such as "Simplification and handholding", "Funding support and incentives" and "Industry-academia partnership and incubation". Substantial progress has been achieved not only on the Action Plan but on many other initiatives beyond the Action Plan that have been undertaken for the development of the overall growth of the startup movement in the country.

Actions taken so far have resulted in a culture of innovation and entrepreneurship take firm roots across the length and breadth of the country. The results are visible across all fields of human endeavor and all sectors of the economy. The National Startup Awards have been conceptualized to further strengthen the startup ecosystem in the country.

National Startup Awards 2020

First-ever National Startup Awards ('NSA') were concluded in October 2020, to recognize and reward outstanding startups and ecosystem enablers that are building innovative products or solutions and scalable enterprises, with high potential of employment generation or wealth creation, demonstrating measurable social impact. NSA 2020 witnessed overwhelming participation from 1641 startups, 31 incubators, and 10 accelerators, which applied under various categories. 36 startups, 1 incubator, and 1 accelerator were recognized as winners in their respective categories and were felicitated by the Hon'ble Minister for Commerce & Industry, Shri Piyush Goyal on 06 October 2020 at one of its kind virtual NSA 2020 ceremony recognizing and rewarding outstanding startups and ecosystem enablers that are building innovative products or solutions and scalable enterprises, with high potential of employment generation or wealth creation, demonstrating measurable social impact.

National Startup Awards 2020 also recognized the players who act as enablers in the Startup ecosystem, especially the ones who are successfully helping startups across the spectrum, irrespective of the geographical location and strata of society.

National Startup Awards 2021

Despite the challenging times, the Indian Startup ecosystem has showcased unprecedented resilience and zest for innovation, which have been playing an important role in propelling the nation's socio-economic growth trajectory. As a successor to the first edition, National Startup Awards 2021 shall recognize and reward outstanding startups and enablers who have demonstrated exceptional capabilities not just in terms of financial gains but also for the measurable impact on society. NSA 2021 also aims to cover flagship schemes launched by the Government of India through innovations in corresponding areas, thereby solving community problems at large. Consideration is also being given to champion sectors identified by the Government of India with a focus on improving India's manufacturing capabilities towards the mission of an "Atma Nirbhar Bharat".

The recognized entities will benefit from such recognition, not only in terms of being able to attract more business, financing, partnerships, and talent, but also enable them to serve as a role model for other entities, budding entrepreneurs, and to inspire them to be purposeful and responsible about their socio-economic impact.
