

# NATIONAL STARTUP AWARDS

# 2022

By [#startupindia](#)

**Declaration of Results**

# STARTUP WINNERS

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Agriculture	Post-Harvest	<b>Fruvetech Private Limited</b>	The startup is focused on development of a device to enhance shelf life of fruits using an innovative idea
-------------	--------------	----------------------------------	--

Agriculture	Productivity	<b>Natura Crop Care</b>	The startup has developed biological and botanical products to meet the demand of residue free produce
-------------	--------------	-------------------------	--

Agriculture	Productivity	<b>Wolkus Technology Solutions Private Limited</b>	The startup under the brand named 'Fasal', develops an AI-powered IoT platform for precision agriculture
-------------	--------------	--	--

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Animal Husbandry

Productivity

**Hydrogreens Agri Solutions Private Limited**

The startup sells the fodder directly to farmers via its fodder station through its unique service-based model

Construction

Materials

**Himalayan Hemp Industries Private Limited**

The startup manufactures products using himalayan hemp and provides consulting on farming, business, and startups

Construction

Construction Technologies

**Micob Private Limited**

The startup has developed its 3D concrete printers, printing ink and required software package, all in-house

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Education and Skill Development	Access to Institutional Education	<b>Trestle Labs Private Limited</b>	The startup empowers the blind and visually impaired community through real-time content access
---------------------------------	-----------------------------------	-------------------------------------	---

Education and Skill Development	Access to Open Education	<b>Testbook Edu Solutions Private Limited</b>	The startup has built an app and web-based platform to support job seekers
---------------------------------	--------------------------	---	--

Education and Skill Development	Toys as Learning Resource	<b>MakerInMe Technologies Private Limited</b>	The startup provides complete STEM solution and makes the learning easy for students & teachers
---------------------------------	---------------------------	---	---

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Education and Skill Development

Vocational Training

**Trascender Services Private Limited**

The startup provides different courses which includes foundational and stream specific curriculum certificate courses

Energy

Clean Energy

**Log 9 Materials Scientific Private Limited**

It is a vertically integrated startup with in-house capability for materials development, device prototyping and production / assembly

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Energy	Energy Efficiency	<b>Renkube Private Limited</b>	Renkube is exclusively focused on developing and commercialising Motion Free Optical Tracking (MFOT) - based solar technology
--------	-------------------	--------------------------------	---

Energy	Energy Storage	<b>Indigenous Energy Storage Technologies Private Limited</b>	The startup is developing sodium ion batteries that deliver 3-4 times more energy density and cyclability than commercialised lead acid batteries at similar costs
--------	----------------	---	--

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Enterprise Technology	Business Process Management	<b>NextSCM Solutions Private Limited</b>	The startup focuses on improving inventory efficiency for fashion brands and retailers
-----------------------	-----------------------------	--	--

Enterprise Technology	Business Process Management	<b>Stylumia Intelligence Technology Private Limited</b>	The startup enables product decision makers with actionable consumer demand intelligence using proprietary data and AI models
-----------------------	-----------------------------	---	---

Enterprise Technology	Customer Relationship Management	<b>Corover Private Limited</b>	The startup builds conversational AI chatbot across text and voice, to improve customer engagement, increase conversions and reduce support requests
-----------------------	----------------------------------	--------------------------------	--

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Environment	Sanitation	<b>Hygienity Solutions Private Limited</b>	The startup started manufacturing clean technology products based on nano coating technology' that keeps toilet surfaces clean and hygienic for long time
-------------	------------	--	---

Environment	Sustainable Industrial Solutions	<b>KBCols Sciences Private Limited</b>	The startup is working at the forefront of manufacturing non-GMO natural bio colours extracted from the vast biodiversity of India
-------------	----------------------------------	--	--

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Environment	Waste to Value	<b>Infinita Biotech Private Limited</b>	The startup is engaged in manufacturing, marketing, and creating customized enzyme formulations, for various specialized industries
-------------	----------------	---	---

Fintech	Financial Inclusion	<b>Whrrl Fintech Solutions</b>	The startup is revolutionising the post-harvest ecosystem through its integrated blockchain platform
---------	---------------------	--------------------------------	--

Fintech	Financial Inclusion	<b>ChangeJar Technologies Private Limited</b>	The startup promotes micro-savings through its application-based product
---------	---------------------	---	--

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Fintech	Insurance	<b>Micronsure Consultancy Private Limited</b>	The startup is a technology-led insurance solution provider, committed to bring financial inclusion to the low-income population
---------	-----------	---	--

Health and Wellness	Access to Healthcare	<b>Medulance Healthcare Private Limited</b>	The startup is looking to solve the problem of ambulance availability by digitising the medical transportation segment
---------------------	----------------------	---	--

Health and Wellness	Ayurveda, Yoga & Naturopathy, Unani, Siddha, and Homoeopathy (AYUSH)	<b>Mallipathra Nutraceutical Private Limited</b>	The startup is cultivating the world's costliest, high medicinal value instilled Cordyceps mushrooms
---------------------	--	--	--

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Health and Wellness	Diagnostics	<b>Prantae Solutions (OPC) Pvt Ltd</b>	The startup develops inventive and innovative products to enable decentralization of early diagnostics
---------------------	-------------	--	--

Health and Wellness	Life Sciences	<b>Algorithmic Biologics Private Limited</b>	The startup provides cloud-delivered services to diagnostic labs that increases their efficiency by 20 times
---------------------	---------------	--	--

Health and Wellness	Medical Devices (including affordable point of care)	<b>JC OrthoHeal Private Limited</b>	The startup focuses especially on the orthopaedics medical devices segment
---------------------	--	-------------------------------------	--

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Health and  
Wellness

Mental  
Wellbeing

**YourDOST  
Health  
Solutions  
Private  
Limited**

The startup provides an online counselling and emotional support platform designed to foster mental wellness

Industry 4.0

3D Printing

**Amace  
Solutions  
Private  
Limited**

The startup has launched its own indigenously developed metal 3D printing machine based on powder bed fusion technology

Industry 4.0

Computer  
Vision

**Sandlogic  
Technologies  
Private  
Limited**

The startup provides a web-based interface that is easy to adopt & scale on any kind of web browser or system

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Industry 4.0	Robotics	<b>Irov Technologies Private Limited</b>	The startup is a marine robotics startup providing safe and efficient solutions for critical underwater infrastructure inspections
--------------	----------	--	--

Industry 4.0	Internet of Things	<b>Lab To Market Innovations Pvt Ltd</b>	The startup has developed the fiber bragg grating sensing technology, most of its innovations are towards digital rail revolutions
--------------	--------------------	--	--

Industry 4.0	Internet of Things	<b>Lynkit Solutions Private Limited</b>	The startup provides end to end supply chain management solutions through its proprietary products
--------------	--------------------	---	--

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Media and Entertainment	Production & Post-Production	<b>Quidich Innovation Labs Private Limited</b>	The startup identifies gaps in the broadcast and film industry to introduce new and innovative technology helping customers enhance the storytelling through production
-------------------------	------------------------------	--	---

Media and Entertainment	Production & Post-Production	<b>Filmboard Movie Technologies Private Limited</b>	The startup enables producers and filmmakers to book any film related talent, crew, services, and locations
-------------------------	------------------------------	---	---

Security	Cyber Security	<b>Qunu Labs Private Limited</b>	The startup provides quantum-safe and quantum resistant data encryption, and other solutions and services
----------	----------------	----------------------------------	---

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Security	Security and Safety Systems	<b>Atom Alloys India Private Limited</b>	The startup brings an innovative and patented explosion prevention system against fuel and gas tank explosions
----------	-----------------------------	--	--

Space	Space Technologies (including launch vehicles, applications, spacecraft technologies)	<b>Digantara Research and Technologies Private Limited</b>	The startup is building an in-situ active orbital surveillance platform using a constellation of high-resolution nanosatellites to detect, track and predict resident space objects
-------	---	--	---

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Transport	Freight and Logistics Services	<b>Cogos Technologies Private Limited</b>	The startup offers a one stop destination for intra city transportation allowing shippers to plan, schedule and assign the required fleet for city deliveries
-----------	--------------------------------	---	---

Transport	Transport Services and Infrastructure	<b>Revamp Moto Private Limited</b>	The startup is focused on mobility solutions for micro-entrepreneurs, such as last-mile delivery agents, farmers, and street vendors
-----------	---------------------------------------	------------------------------------	--

# STARTUP WINNERS

## Special Categories

## Women-Led Startup

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Health &  
Wellness

Life  
Sciences

**Algorithmic  
Biologics  
Private  
Limited**

The startup is bringing the power of algorithms to biotechnology-based industries by building the information processing layer for biological data

## Impact in Rural Areas

Sector	Sub Sector	Company Name	Product/Service Description
--------	------------	--------------	-----------------------------

Agriculture	Productivity	<b>Natura Crop Care</b>	The startup has developed biological and botanical products to meet the demand of residue free produce which help the farmers across in managing the plant-soil health and plant nutrition
-------------	--------------	-------------------------	--

## Startups from North-East & Hilly States and UTs

Sector	Sub Sector	Company Name	Product/Service Description
Health & Wellness	Medical Devices (including affordable point of care)	<b>Primary Healthtech Private Limited</b>	The startup, hailing from Kamrup, Assam, has innovated “Mobilab” which is an affordable, portable IOT enabled smart multi-diagnostic device for chronic diseases

# ECOSYSTEM ENABLER WINNERS

Type

Company  
Name

Product/Service  
Description

Incubator

**T-Hub  
Foundation**

The incubator strives to create an impact for startups, and ecosystem stakeholders with a mission to enable and empower innovation

Incubator

**Centre for  
Cellular &  
Molecular  
Platforms  
(C-CAMP)**

The incubator is an initiative supported by the Department of Biotechnology, with a mandate to enable novel life sciences research and innovation

Accelerator

**Cisco  
LaunchPad**

This accelerator is a B2B Corporate Accelerator program that propels deep-tech startups working in disruptive technologies
